Ex. 6 - Personal Privacy

The hotline number is not appropriate. I called the "tip line" 877-919-4372 and was told someone would call me today or tomorrow.

Yes, this is a critical precedent. If I call the EPA hotline, 800-424-8802, to ask for their help and advice, who of you may I refer them to for detailed accurate information and background on this? **Ex. 6 - Personal Privacy** may I give them your number and e-mail?

We need to respond as a community in support of our right to clean drinking water. If we let Cabot(oil and gas) in complicity with our state contaminate one residentsdrinking water by shale gas extraction and not be responsible that is setting the precedent for ALL OF US at least in PA and maybe nationally. If Cabot is let of the hook for poisoning Dimock resident's drinking water and to NOT be held responsible for it and for replacing their ruined source with a clean source.....this is setting a precedent. We need to stand with Carter Rd residents and stand UP for our rights.

Subj: SCGF Just found out...

DEP has allowed Cabot to cease all water deliveries....now read Times article on explosive levels found in 5 homes this year...5 water wells in a 3 by 3 area is way too many to leave any of us feeling safe...
